

2018 Summer Training Course Information

SQUADRON CONTACT INFORMATION:

Name: Capt Pelletier

Phone: 204-981-1315

Email: 199air@cadets.gc.ca

Notes:

- Applications are due to the Training Officer by:
14 Dec 17 for National Courses; and
18 Jan 18 for all other Courses..

Overview of 2018 - Summer Training Opportunities

Familiarization Course:

- General Training Course (GTC);

Drill and Ceremonial:

- Basic Drill and Ceremonial Course (BDCC)
- Drill and Ceremonial Instructor Course (DCIC)

Survival:

- Basic Survival Course (BSC)
- Survival Instructor Course (SIC)

Fitness and Sports:

- Basic Fitness and Sports Course (BFSC)
- Fitness and Sports Instructor Course (FSIC)

Marksmanship:

- Air Rifle Marksmanship Instructor Course (ARMIC)

Military Band:

- Military Band - Basic Musician Course (MB-BMC)
- Military Band - Intermediate Musician Course (MB-IMC)
- Military Band – Advanced Musician Course (MB-AMC)

Technology and Aerospace:

- Basic Aviation Technology and Aerospace Course (BATAC)
- Advanced Aerospace Course (AASC)
- Advanced Aviation Technology Course– Airport Operations (AATC-AO)
- Advanced Aviation Technology Course - Aircraft Maintenance (AATC-AM)

Pilot:

- Basic Aviation Course (BAC)
- Advanced Aviation Course (AAC)
- Glider Pilot Scholarship (GPS)
- Power Pilot Scholarship (PPS)

International Exchanges and Trips:

- International Air Cadet Exchange (IACE)

Advanced Training:

- Staff Cadet

Level 1 Option 9-20 July; 23 July – 3 August; 6-17 August (Course dates do not include travel days. Cadets must be prepared to travel up to 2 days prior and after the course date). The exact dates for our squadron will be published on <http://www.199rcacs.info/summer-training> when received

General Training Course (GTC)

This course is an introduction to summer training. It gives the participants a little taste of the cadet summer training centre (CSTC) life, survival, leadership, citizenship, drill, aviation, music, marksmanship, fitness and aerospace training.

Duration: 2 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron

Sqn proficiency level: Level 1 successfully completed by the end of the current training year.

Minimum Level 2 Options 9-27 July; 30 July to 17 August (Course dates do not include travel days. Cadets must be prepared to travel up to 2 days prior and after the course date). The exact dates for our squadron will be published on <http://www.199rcacs.info/summer-training> when received

Basic Drill and Ceremonial Course (BDCC)

The aim of the training is to prepare cadets to perform the role of a peer leader while building upon the leadership and drill and ceremonial knowledge and skills learned through the sqn program.

Duration: 3 weeks;

Location: Vernon, BC

Number of candidates: We will be given a quota based on the total number of cadets in our squadron

Sqn proficiency level: Level 2 successfully completed by the end of the current training year.

Basic Survival Course (BSC)

The aim of the training is to further develop in cadets basic survival skills and inspire them to pursue specialist training in this subject area. This will allow them to participate as a skilled junior cadet in survival training as part of the sqn

program.

Duration: 3 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron

Sqn proficiency level: Level 2 successfully completed by the end of the current training year.

Basic Fitness And Sports Course (BFSC)

The aim of the training is to prepare cadets to perform the duties of a Basic Fitness and Sports Assistant while continuing to develop personal fitness and healthy living skills.

Duration: 3 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron;

Sqn proficiency level: Level 2 successfully completed by the end of the current training year.

Basic Aviation Course (BAC)

The aim of the training is to further develop in cadets the fundamentals of aviation and inspire them to pursue specialist training in this subject area.

Duration: 3 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our

squadron;

Sqn proficiency level: Level 2 successfully completed by the end of the current training year

Basic Aviation Technology And Aerospace Course (BATAC)

The aim of the training is to further develop in cadets the fundamentals of aerospace, airport operations and aircraft manufacturing and maintenance and inspire them to pursue specialist training in some or all of the subject areas.

Duration: 3 weeks;

Location: Gimli, MB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron;

Sqn proficiency level: Level 2 successfully completed by the end of the current training year.

Military Band - Basic Musician Course (MB - BMC)

The aim of the training is to develop the music proficiency of cadets and prepare them to support their sqn bands and related music activities.

Duration: 3 weeks;

Location: Comox, BC;

Number of candidates: As determined by the region;

Sqn proficiency level: Level 2 successfully completed by the end of the current training year.

Minimum Level 3 Options 9 July – 17 August (Course dates do not include travel days. Cadets must be prepared to travel up to 2 days prior and after the course date).

Drill and Ceremonial Instructor Course (DCIC)

The aim of the training is to develop a specialist with the skills and subject matter knowledge required to be an instructor and team leader for drill and ceremonial activities

Duration: 6 weeks;

Location: Vernon, BC;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron;

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Survival Instructor Course (SIC)

The aim of the training is to develop a specialist with the skills and subject matter knowledge required to be an instructor and team leader for aircrew survival activities within the Air cadet program.

Duration: 6 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron;

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Advanced Aviation Course (AAC)

The aim of the training is to develop a specialist with the skills and subject matter knowledge required to be an instructor and team leader for aviation activities within the Air cadet program.

Duration: 3 weeks;

Location: Comox, BC;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Fitness And Sports Instructor Course (FSIC)

The aim of the training is to develop a specialist with the skills and subject matter knowledge required to perform the role of a fitness and sports instructor and a team leader for fitness and sports activities conducted at the squadron, during regionally directed activities and/or as a staff cadet at a CSTC.

Duration: 6 weeks;

Location: Cold Lake, AB;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron;

Sqn proficiency level: Level 3 successfully completed by the end of the current training year

Air Rifle Marksmanship Instructor Course (ARMIC)

The aim of the training is to develop individual air rifle marksmanship and summer biathlon specialty skills while reinforcing and further developing the leadership and instructional techniques skills, preparing the cadets to support these two specialty activities at the sqn, during regionally directed activities and/or as a staff cadet at a CSTC.

Duration: 6 weeks;

Location: Vernon, BC or Whitehorse, YT;

Number of candidates: We will be given a quota based on the total number of cadets in our squadron

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Military Band - Intermediate Musician Course (MB - IMC)

The aim of the training is to develop the music proficiency of cadets and prepare them to support their sqn bands and related music activities.

Duration: 3 weeks;

Location: Albert Head, BC;

Number of candidates: As determined by the region;

Music proficiency level: Have achieved the music proficiency level basic; and

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Military Band – Advanced Musician Course (MB-AMC)

The aim of the training is to raise the cadet's musical skills to the standard of the next music proficiency level. Instruction is also given in instrument maintenance & repair and other music-related skills. Also cadets learn some Instructional

Techniques relating to music.

Duration: 6 weeks;

Location: Vernon, BC;

Number of candidates: As determined by the region;

Music proficiency level: Have achieved the music proficiency level 2; **Sqn proficiency level:** Level 3 successfully completed by the end of the current training year.

Advanced Training - Staff Cadet

Cadets interested in applying for Staff Cadet positions must be 16 years of age by **1 January** and cannot turn 19 before the last day of advanced training. Preference is given to cadets who have completed Level 4. Level 3 cadets may be considered but only after all Level 4 cadets have been selected.

Detailed information on the application process will be provided to interested cadets.

CATO 13-28

National Courses

International Air Cadet Exchange (IACE)

The purpose of the IACE is three-fold: to promote friendship and goodwill among Air cadets of the participating countries, to encourage participants to develop an interest in international affairs and to reward those Air cadets who have rendered outstanding services to their sqns over a period of years. The IACE is intended only for outstanding senior cadets who will represent Canada with distinction. Selection requirements include: outstanding Air cadet record, good school record, excellent personal characteristics, including appearance, dependability, cooperation and the ability to communicate effectively.

Duration: 2 to 3 weeks, depending on country visited;

Maximum number of applications: One per sqn;

Minimum age: 17 years old by August 1st of the year the exchange is held.

Sqn proficiency level: Level 5 successfully completed by the end of the current training year.

One-Time Participation: An air cadet can only participate in the IACE once.

Power Pilot Scholarship (PPS) / Glider Pilot Scholarship (GPS)

Candidates must meet all established requirements laid down, including age, medical standards and Canadian Forces (CF) qualifying exam. Another important factor is motivation. Candidates must demonstrate a sincere interest in learning to fly and that they are prepared to commit to the demanding study time required to become a pilot. Recommendations should also consider the interest of the candidate in contributing as future pilots or instructors to the cadet flying programs.

Duration: PPS: 7 weeks 1 July – 17 August, and GPS: 6-7 weeks 9 July – 17 August (or longer if warranted)

Location: GPS: Gimli, MB, PPS: TBD

Maximum number of candidates: The maximum number of candidates per sqn who may be selected for each scholarship is based on the Registered Cadets Monthly Average:

80 or less: 2 candidates,

81 to 120: 3 candidates,

121 to 160: 4 candidates, and

161 or more: 5 candidates;

Minimum age: PPS: 17 years old by September 1st of the year the course is taken, and GPS: 16 years old by September 1st of the year the course is taken;

Sqn proficiency level: PPS: level 4 successfully completed by the end of the current training year, and GPS: level 3 successfully completed by the end of the current training year;

CF Qualifying Exam: This prerequisite is mandatory. The purpose of this exam is to ensure that all candidates possess a basic knowledge in the required aviation subjects.

Education: PPS: completed Grade 10 by nomination deadline, and GPS: completed Grade 9 by nomination deadline

Minimum medical standards: This prerequisite is mandatory. Applicant is to provide a valid Category 3 Medical Certificate from Transport Canada by 1 June. Further screenings will take place throughout the selection process. Selected cadets will undergo additional medical screenings upon arrival at the training site.

Physical limitations: These prerequisites are mandatory. Air cadet gliders and training aircraft used for PPS impose certain physical limitations in regard to weight and size of the pilot. A person's size must be such that one can sit, comfortably positioned, with good visibility in all directions as well as being able to reach the controls for full movement. The physical limitations are:

Glider: Minimum: height 152.4 cm (no shoes/boots, socks only), weight 40.82 kg, and Maximum: height 190.5 cm, weight 90.72 kg;

Power: Maximum Weight: 111.13 kg

Required funds: Cadets must have the funds to pay for the Transport Canada examination fee and pilot licence application fee, for a total of \$160;

Previous licences - GPS: Cadets who hold any Transport Canada pilot licence or permit are not eligible for the GPS;

Previous licences - PPS: Cadets who hold any Transport Canada pilot licence or permit other than a glider pilot licence are not eligible for the PPS;

Advanced Aviation Technology Course – Airport Operations (AATC-AO)

The aim of the training is to introduce cadets to programming specific to airport operations.

The aim will be accomplished through practical, hands-on learning modules that will reinforce theoretical notions.

Duration: 6 weeks; 9 July – 17 August

Location: Canadore College, North Bay, Ontario;

Maximum number of candidates: One per sqn;

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Advanced Aviation Technology Course – Aircraft Maintenance (AATC-AM)

The aim of the training is to introduce cadets to aircraft construction and maintenance. The aim will be accomplished through practical, hands-on learning modules that will reinforce theoretical notions.

Duration: 6 weeks; 9 July – 17 August

Location: Canadore College, North Bay, Ontario;

Maximum number of candidates: One per sqn

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Advanced Aerospace Course (AASC)

The aim of the training is to develop a specialist with the skills and subject matter knowledge required to be an instructor and team leader for aerospace activities within the Air cadet program.

Duration: 6 weeks;

Location: St-Jean, Quebec; 9 July – 17 August

Maximum number of candidates: One per sqn

Sqn proficiency level: Level 3 successfully completed by the end of the current training year.

Application Process

Cadets must inform their Level Officer of their interest in attending summer training. The Level Officer and the cadet will discuss the options and prioritize the cadet's choices. (When the number of cadets interested in a course exceeds the squadron quota a priority list will be compiled.) Each of the cadet's level of interest and their list of choices will be verified.

The formal application process (including forms) for all 2018 Regional and National Summer Training Courses, is completed electronically through Fortress. This process will utilize the information collected at the beginning of the training year.

Commitment

Considering the limited number of vacancies and the cost of training, it is very important that the cadets nominated are serious and ready to return to their sqn so that other cadets can benefit from their newly acquired experience, skills and knowledge.

Responsibilities

Cadets are responsible for enquiring about requirements, for filling out the application form(s) completely and for submitting all the required documents prior to the deadline established by the Sqn CO.

Parents/Guardians are responsible for confirming that all information provided by their son/daughter/ward is correct by signing the application form.

Sqn Staff are responsible for ensuring the application form is filled out completely, for confirming that all information provided on the application form is correct and also for ensuring that cadets meet all prerequisites for the courses they applied for.

Sqn Staff are responsible for providing guidance and information to their cadets.

Prerequisites

The following general prerequisites are mandatory and they apply to all Air CSTC program courses and the IACE. Cadets must:

- not have reached their 19th birthday by the end of the course, including travel time to return to their home unit;
- be recommended by the sqn CO (and by the Sponsoring Committee Chairperson for National Summer Training Courses);
- have written parental/guardian consent to attend;
- be medically fit to participate; and
- meet any other conditions prescribed by Natl CJCR Sp Gp. Additional prerequisites for every course are listed within the course descriptions.

Remember

A cadet may only apply for one National Course per training year (IACE, PPS, GPS, AATC-AO, AATC-AM, AASC)

A cadet may only apply for either a training course **OR** Staff Cadet position, not both.

Submitting an application for summer training does not mean you are selected for summer training. All applications are forwarded to the region for actual selection. The Sqn CO can only recommend your selection

SUMMER TRAINING CHOICES

Level One (Two Weeks)

- General Training Course (GTC)

Minimum Level Two (Three Weeks)

- Basic Drill and Ceremonial Course (BDCC)
- Basic Survival Course (BSC)
- Basic Fitness and Sports Course (BFSC)
- Basic Aviation Course (BAC)
- Basic Aviation Technology and Aerospace Course (BATAC)
- Military Band - Basic Musician Course (MBBMC)

Minimum Level Three (Three and Six Weeks)

- Advanced Aviation Course (AAC) (*Three Week Course*)
- Drill and Ceremonial Instructor Course (DCIC)
- Survival Instructor Course (SIC)
- Fitness and Sports Instructor Course (FSIC)
- Air Rifle Marksmanship Instructor Course (ARMIC)
- Military Band - Intermediate Musician Course (MB-IMC)
- Military Band – Advanced Musician Course (MB-AMC)

Staff Cadet (Seven Weeks)

- Positions available at various Summer Training Centres

National Courses (Two to Seven Weeks depending on the course / exchange)

- Advanced Aerospace Course (AASC)
- Advanced Aviation Technology Course – Airport Operations (AATC-AO)
- Advanced Aviation Technology Course – Aircraft Maintenance (AATC-AM)
- Glider Pilot Scholarship (GPS)
- Power Pilot Scholarship (PPS)
- International Air Cadet Exchange (IACE)

ADVANCED TRAINING - STAFF CADET

Staff Cadets are senior cadets placed in roles at the Cadet Training Centre to implement and support cadet training. They act as leaders and role models for course cadets and work directly with course cadets on a daily basis. Staff cadets are paid a daily allocation ranging from \$83 to \$101/day and are broken down into the following categories:

Training Staff. Their primary responsibility is to implement training. They act as division/platoon/flight staff and implement course training from cadet arrival until graduation and departure.

Support Staff. Their primary responsibility is to assist and support the implementation of training. Support staff fill various roles including Training Centre Operations, Canteen, Administration, Public Affairs.

Senior Appointments (CPO2/MWO/WO2 and CPO1/CWO/WO1). Selections are completed at the CTC through evaluation and selection boards. These positions provide leadership and guidance to other staff cadets in the completion of their duties and they also act as mentors to their peers and subordinates.

Duration: 7 weeks;

Location: Various;

Training Level: Phase 4/Gold Star/ Level 4;

Age: 16 years old by 1 January of the year of the summer training opportunity and cannot turn 19 before the last day of summer training.

Previous CTC Courses: preference is to complete at least one intermediate or advanced training course.

Waivers: Phase 3/Silver Star/Level 3 cadets or those that have completed a Basic course may be considered but only after all eligible applicants have been selected

Selection Criteria: Cadet Qualifications found in Fortress are used for SCdt selection including current fitness qualification, NSE points, first aid, etc.

Applications Deadline: 1 February. Applications will be accepted after this date, however preference will be give the applications submitted by the deadline.

Email Address: a valid email address for the applicant must be entered into the "Contact Information" section of Fortress. (Note: this should not be the same as parent/guardian contact info email)

How Will I Know If I Am Hired?

Once selections have been made, offers will be emailed to the applicants email address listed in FORTRESS and cc'd to your corps/squadron and Zone Trg O. The email will include a "CTC Staff Cadet Advanced Training Agreement", "Offer of Participation", and tax forms. These will need to be signed and returned, indicating if you accept the offer.

What Positions Are Available?

A list of positions at each of the CTCs is included in this brochure. Many positions are not element specific. There is no need to list a specific position on your application unless applying to be a Cadet Correspondent (formerly UPAR Staff Cadet) or any position at QUADRA.

What Position I Will Be Filling?

In most cases, you will not find out which position you will be filling until after you've completed the pre-course professional development and selection process at the CTC during the first week. Some positions will require specialist skills or training so you may be selected into a "pool" initially.

International Air Cadet Exchange Staff Cadet (IACE-SCdt)

Note: This opportunity is only open to Air Cadets.

Staff cadets accompany the foreign cadets during their visit in Canada. They shall assist the Canadian Host Escort Officers in the performance of their duties. This advanced training opportunity for Air cadets will encourage exchanges between the Canadian cadets and the foreign cadets.

Duration: 21 days (mid July to beginning of Aug);

Location: TBD

Sqn proficiency level: Level 5 successfully completed by application deadline.

Age: minimum 17 at the beginning of the advanced training and not be 19 before the end of the advanced training;

Rank: preferably, WO1 or WO2;

CTC Courses: successfully completed IACE or a six week course (preferably PPS or GPS); and

Language: at a minimum, ability to communicate in English must be functional. Bilingualism is an asset and must be specified on the application form.
